Saturday June 9th @
430pm

Oh, The Places

You'll Go In Year 2 Gold!

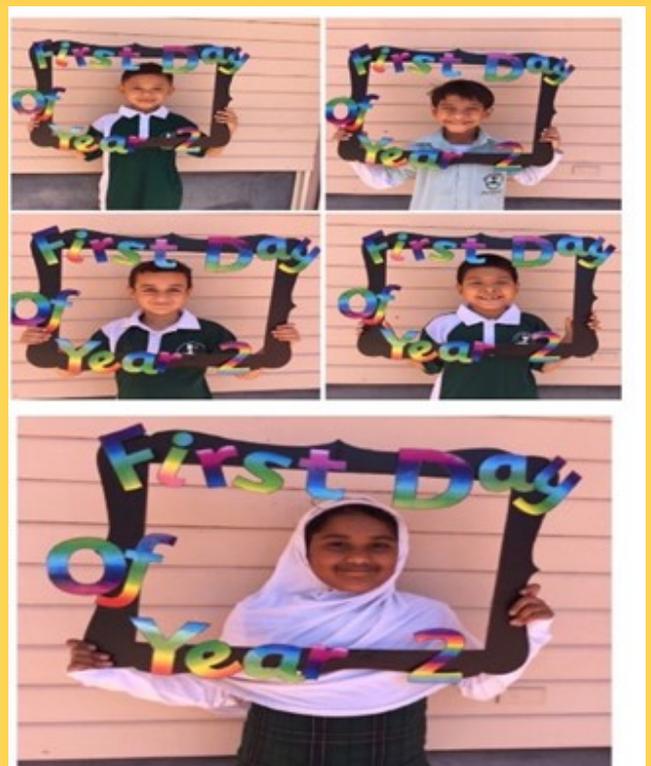

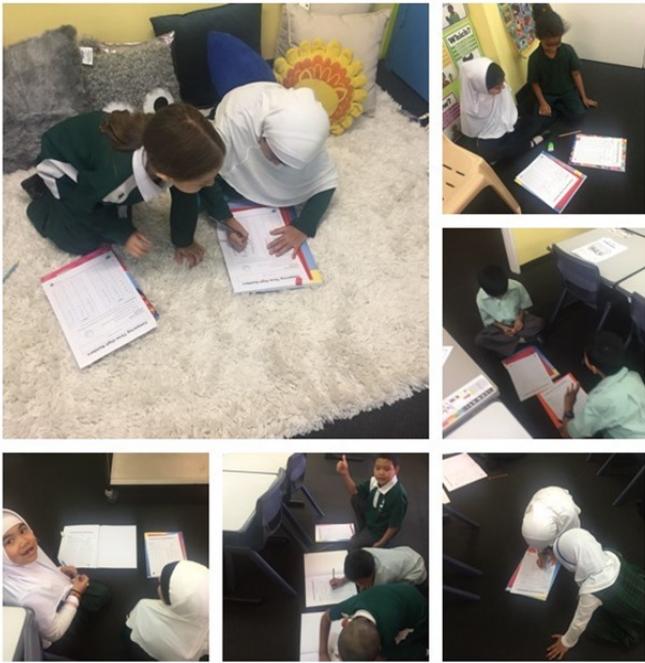

Welcome to Term 2! In Year 2 Gold, we have had a very successful start to the year and it is such a joy to see the students grow and develop strong learning habits. They have shown great respect and responsibility towards each other by following class rules and making thoughtful decisions.

Highlights of Term 1

Alhamdulillah, Term 1 was a busy, engaging and productive term. In Mathematics, students focused on Place Value. They engaged in many hands-on activities that developed their knowledge and understanding of number sequences, number expanders, rounding off and estimation.

By: Miss I Ali
Year 2 Gold

Playing a game to consolidate learning of number sequences.

Descriptive writing – Poem

In this fun writing activity, students used interesting adjectives to describe their Cowboys/Cowgirls.

Harmony day

In Term 1, students participated in a Harmony Day assembly which celebrated the cultural diversity of our school and our school community. At Langford Islamic College, we have students and families from many parts of the world and we are lucky to be able to learn about so many different cultures and be able to recognise and value the way in which our many cultures continue to shape our school. Our assembly featured a number of our students and gave us a chance to join together in a day of harmony. Year 2 Gold had the privilege of performing a song entitled 'I'd Like to Teach the World to Sing'.

In Year 2 Gold, we discussed what it means to live in harmony with others and explored the different cultures throughout the world and Australia.

Digital Technology + Spelling = Fun!!
 In this activity, students used iPads to develop their reading comprehension and spelling skills.

Integrating Digital Technology and Spelling

Ninja Warrior Boot Camp Incursion

Students went through a boot camp-style training program which prepared them to be Ninja Warriors! The Bootcamp focused on physical education, which included endurance and stability exercises. The Boot Camp included an exciting obstacle-course program to challenge and test stamina.

Artists at work!

Ray of Sunshine

This art activity was a great way to reintroduce warm and cool concepts to students

Word Bank Activity

Students using mini white boards/dictionaries to develop their spelling/vocabulary skills.

What's going on in Pre-Primary Blue

What an exciting term it has been! Surprisingly this year we have only had a few tears and unsettled students in the first couple of days of Term One. My students quickly turned into very capable and confident pupils who were eager to learn and happy to be at school. They have coped extremely well and developed good friendships. We covered some interesting topics over the term and completed lots of fun-filled activities. We have learned all about me, my family and my friends, Living things and History. Our first celebration was Harmony Week. During Harmony Week my class got to know the meaning of, and the reasons behind the celebration. We had a special assembly and wore our traditional clothes, which reflected the cultural diversity of our nation.

Sports, Show and Tell, Arts and Crafts, Pretend Play are the most favourite activities of my class. The highlight of Term One was definitely a very exceptional incursion – The Ninja Warrior. It was an amazing and exciting experience for my class.

By: Mrs M Chowdhury

In Week One of Term Two, all the Pre-Primary classes went on a trip to Kings Park. The objective was to consolidate their History, Science and English learning – it was a very effective excursion. They thoroughly enjoyed all the activities and the Naturescape. It was a great day out. A big thank you to my volunteer parents. Without their support the day would not have been such a success. My class is looking forward to celebrating Mothers Day, welcoming Ramadan Kareem and celebrating Eid Al-Fitr.

I am really proud of my class. They are fantastic learners, who work to the best of their ability. Lastly I would like to thank all my parents for their support and co-operation from the beginning of the year. I would also like to take this opportunity to say Thank You to my two wonderful education assistants Sr. Mariam and Sr. Lopa for their support.

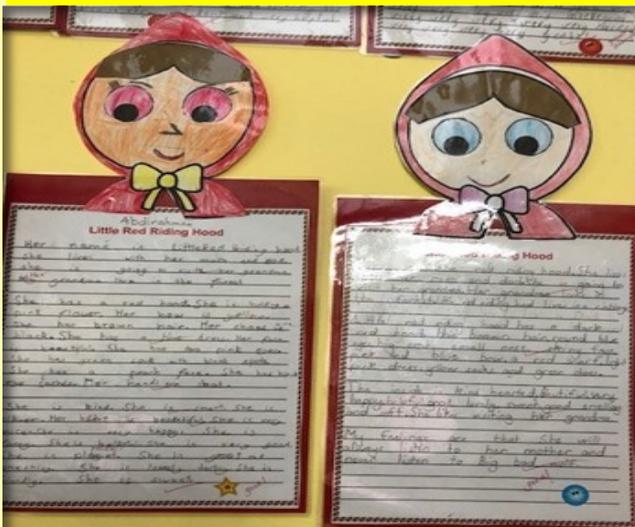

SNAPSHOT

Year 2 Yellow

Welcome to your child's Year 2 Yellow. I hope that you and your family had a wonderful Term 1 break. I hope you are all rested and ready to get back into the swing of things. I see us as a team – child, parents and teacher. We must all work together to ensure success for our children in their Year 2 Yellow.

Harmony Day is a day of cultural respect for everyone who calls Australia home. On 21 March 2018, all the students dressed in their traditional clothes and celebrated Harmony Day in class.

In Science, students learnt about different life cycles. They created an art work on the Life Cycle of a Moth and described it.

Upcoming events - Bell Tower & Perth Mint, Ramadan Assembly

Writing - Students will be focusing on Narrative writing, creating writing ideas and reviewing writing conventions.

Mathematics - Students will be focusing on mental and written strategies for addition, money, patterns, measurement, calendars, seasons, collecting data & picture graphs.

History - Local History

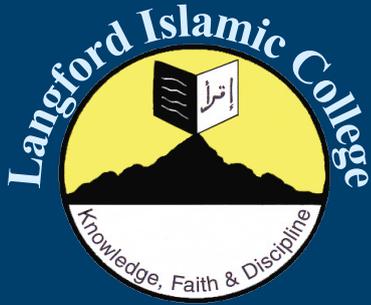

Science - Physical sciences

Geography - Connecting to places

Health - I'm Healthy, Safe & ac-

Year 2 Yellow**

In **Art**, students learnt about warm and cool colours and created colourful fans using their understanding of warm colours.

In order to ensure better traffic management, we have implemented the following with regard to drop-off and pick-up location.

The main car park is only for parents who are coming into the College. Parents **MUST NOT** just drop their children somewhere in the car park and drive-off. Kindy and Pre-Primary parents must park in the main car park and bring their children in. Parents **MUST NOT** park the car in **STAFF ZONE**

PLEASE USE NORBURY WAY AND JAMAICA CROSSING FOR DROP-OFF & PICK-UP

Please:

- DO NOT** stop your car for more than 3 minutes. Parking spaces on these streets are limited and should only be used for drop-off and pick-up. Parents should instruct their children to come quickly after school as you cannot wait more than 3 minutes.
- DO NOT** park your car and go into the College to collect your children. If you are going inside the College, you should park in the main car park, not on the street.
- DO NOT** make U-turns.
- DO NOT** park on the verge and driveways.
- DO NOT** drop your children on the opposite side of the street (to the school).
- DO NOT** stop in the middle of the road.
- DO NOT** block the street and hold up traffic behind you.

IMPORTANT:

Please also note that it is the parents' responsibility to supervise their child/ren in the car park at all times.

Your cooperation in complying with the above is required.

**Jazaak-Allahu Khairan
Management**
